Presentation

Operator

Good day everyone and welcome to Silicon Images fourth quarter and full year 2007 financial results conference call. Please note that today's call and question and answer session are being recorded. At this time I would like to turn the call over to Mr. David Allen for opening remarks. Mr. Allen, please go ahead.

David Allen

Good afternoon and welcome to Silicon Images fourth quarter 2007 financial results conference call. I am Dave Allen, Silicon Images' Director of Investor Relations. Joining me today are Steve Tirado, the company's President and CEO, and Hal Covert, our Chief Financial Officer. The agenda for today's call includes a discussion of annual highlights from our CEO, a more in depth discussion of our financial results for the fourth quarter, and our guidance for Q1 '08 and for the full year 2008 by our CFO, and finally some comments regarding our company strategy for 2008 from our CEO. We will then open the call for Q&A.

Before I turn the call over to Steve let me remind the listeners that we will be making forward looking statements based on our current expectations during the call regarding many aspects of our business and markets in which we operate including but not limited to, forward looking statements about our future products and the timing of new products, design wins, market demands, financial results and performance. Actual results may differ materially from our forward looking statements. Moreover, forward looking statements and the companies future results are subject to certain risks and uncertainties which we described in today's press release as well as in our filings with the SEC, including but not limited to our most recent periodic reports on form 10-K and 10-Q. These documents describe certain relevant risk factors that could affect our future results. I also want to mention that we will be posting a financial metrics table and have posted reconciliation of non-GAAP financial information to the directly comparable GAAP information in our fourth quarter 2007 financial results press release which is available on the Investor Relations section of our website, siliconimages.com. I will now turn the call over to Steve Tirado. Steve.
