Thanks Lisa, Good afternoon and thank you for taking the time to listen to this commentary on our fourth quarter, and year end financial results.

We decided to change quarterly call from the traditional interactive format, to this prerecorded format because we are in a process of formulating plans to implement a numbers of significant operational and management changes. Until this process is complete we are not able to provide details about those plans. Nevertheless, we recognize the importance of providing information about our financial results at the earliest opportunity.
