Earnings Call Excerpt

Coldwater Creek, Inc. (CWTR)
Q4 2005 Earnings Conference Call
March 8, 2006, 3:45 p.m. CT

Operator: Good day everyone and welcome to Coldwater Creek's fourth quarter earnings release conference call. Today's conference is being recorded.

With us today, we have Mr. Dennis Pence, Chairman and Chief Executive Officer, Ms. Georgia Shonk-Simmons, President and Chief Merchandising Officer, Mr. Mel Dick, Executive and Vice President and Chief Financial Officer, and Mr. David Gunter, Divisional Vice President Corporate Communications and Investor Relations.

At this time, I would like to turn the call over to Mr. Gunter. Please go ahead sir.

David Gunter: Thank you operator. Good afternoon and welcome to Coldwater Creek's fiscal 2005 fourth quarter earnings release conference call. If you have not received a copy of the release distributed this afternoon, please contact our office at 208-265-3977 and we will send one out to you immediately.

We will begin with a few formal comments from management and then open up the lines for your questions.

During the course of this conference call, we may make forward-looking statements regarding future events or performance of the company, including forward-looking statements and projections about our operating results, business initiatives, growth opportunities and prospects.

We want to emphasize that any projection involves judgment and that individual judgments may vary. Any projections we make today are based on information available to us now, which is subject to change as the quarter progresses. Actual results may differ substantially from what we say today, and no one should assume later in the quarter that the comments we provide today are still valid. Moreover, we are not undertaking any obligation to provide updates in the future.

The documents the company files from time to time with the Securities and Exchange Commission, including our most recent Form 10-K and Form 10-Q contain and identify important factors, including the risks and uncertainties described under "risk factors" that could cause actual results to differ materially from those contained in any forward-looking statements.

A replay of this conference call will be available immediately after the call today, until midnight on March 15th. The number to call for the replay is 719-457-0820 and the pass code is 1024178. The web cast of this call will also be available on the Investor Relations page of our Web site until March 15th, after which the transcript of this conference call will be posted. To access that information, visit www.coldwatercreek.com and select "Investor Relations".
