

Office Politicos: A Field Guide

By Kelly Pate Dwyer

published on BNET.com 7/09/2007

Every workplace has its share of good guys and bad, solo artists and team players. To get ahead — or even just survive — you need to know them all: the good eggs who can become your allies, and the bad apples to avoid (or occasionally placate). Here's a **handy guide** to the 10 most common types of office politicians, with tips on how to manage them.
